

Sales Intelligence Platform

Your AI-Powered Market Entry Weapon

THE CHALLENGE

Breaking Into Australia's \$4.2B Tile Market

Zero Brand Recognition

No established presence in the Australian construction and design market

Limited Sales Bandwidth

Small team trying to cover a massive market across all Australian states

No Existing Relationships

Need to build connections with builders, architects, and retailers from scratch

Competitive Landscape

Established players with entrenched supplier relationships and brand loyalty

THE SOLUTION

AI-Powered Sales Intelligence That Does The Heavy Lifting

Automated Research

AI researches every prospect
deeply in seconds

Personalized Outreach

Emails crafted to each
prospect's specific needs

Smart Call Scripts

Tailored scripts with
objection handling

Pipeline Tracking

Never lose track of a single
prospect

HOW IT WORKS

Four Steps to Market Domination

01

Import Leads

Upload your target list of builders, architects, developers & retailers via CSV

02

AI Research

Platform automatically researches each company, identifies pain points & scores fit

03

Smart Outreach

Generate personalized emails and call scripts tailored to each prospect

04

Track & Convert

Manage pipeline, log calls, track responses, and close deals
